Q13. What is good about the course?

1. Every aspects about the course is quite good. I have learned a lot of things.
2. The content was definitely wonderful when it related closely to reality.
3. The proximity of the professor to students, and also the TA. How she has encouraged us to participate in class, cleaning up the atmosphere from differences across students (in academic terms), facilitating the team work, as well as holding the proper competition in order to improve, without reaching harmful levels.
4. instructor did try her best to help students, even on the aspect of career and raise their interest
5. the topic is good

Q14. What could be done to improve the course?

1. I honestly do not find anything relevant to say here.
2. Maybe 1 small problem is that the content is not many. But since the semester is short, it is fine.
3. More guideline on the course project. The guideline is more about format and procedures rather than the real content of course project
4. Not 9 am class.
